

THE
Elegance
RANGE

Welcome

THIS SEASONS NEW ADDITIONS TO THE ELEGANCE RANGE OF DOORS HAVE BEEN THOUGHTFULLY DESIGNED TO INCLUDE OPTIONS THAT ARE FRESH AND STYLISH.

EACH DESIGN HAS BEEN EXCLUSIVELY COMMISSIONED AND WILL ONLY BE FOUND WITHIN THIS EXQUISITE COLLECTION.

Windsor 2 Sapphire Twist

Victorian S1 Tinted Emerald

Windsor 2 Emerald Jewel

Warwick S1 Trio Green

Warwick S1 Emerald Elipse

All the door panels in this range comprise of two PVCu skins, pressure bonded to a core material of E.H.D.F.R.A polystyrene (extra high density fire retardant additive) using a specially formulated adhesive that is both heat and moisture resistant. The result is a core free from CFCs and a skin that is approved to BS476: part12 'Method of Test for Ignitability of Products by Direct Flame Impingement'. This offers a high degree of thermal efficiency and, by using our range of reinforcing options, a high degree of security.

Glazing Options

STAINED UNITS

All stained units are individually hand made and may at times vary slightly from the computer-generated brochure. If you do not see the design you would like in this brochure we would be happy to discuss your requirements.

SANDBLASTED / ETCHED GLASS

This handcrafted glass is now produced using modern technology and is designed to give a traditional appearance. For a more dramatic effect this is often combined with striking glass bevels. Though generally obscure it does leave various areas clear.

BEVELLED GLASS

4mm shaped and polished glass facets, hand crafted and bonded to the glass with an optically clear resin then overlaid with lead.

SILVER GRILLE

Our Silver Grille options feature attractive traditional motifs that are created using a highly polished chrome framework that is sealed within the double glazed units. Each Silver Grille design is available with a choice of backing glass.

RESIN BEVEL

Using the most advanced technology and manufactured under stringent quality controlled conditions this range of resin bevel effect designs has been introduced to complement our existing wide range of glass patterns. Resin bevels should not be confused with traditional bevels. Each resin is obscure and the design will occasionally produce minor imperfections that are generally regarded as acceptable. Designs cannot be interchanged and are available in 24mm and 28mm thickness. The resin is glazed on the inside piece of glass facing outwards.

Door Furniture

SELECT FROM A WIDE RANGE OF DOOR FURNITURE TO COMPLEMENT THE STYLE OF YOUR CHOSEN PANEL. THE ACCESSORIES ARE AVAILABLE IN A VARIETY OF METALS AND COLOURS THAT INCLUDE GOLD, BLACK, WHITE AND SILVER.
